<b>Agenda Item</b>	<b>Notes</b>	<b>Action</b>
<b>Notes of meeting on 30.4.12</b>	Agreed	
<b>Matters arising not on agenda</b>	<ul style="list-style-type: none"> <li>• <b>Incinerator</b> Dave, Frank and Barbara met with Mark Phillips who thinks there may be a chance of challenging SC to undertake a formal review of the incinerator decision, on policy grounds because of the changed circumstances since the initial decision was taken. Letter sent to Kim Ryley, CEO of SC.</li> <li>• <b>Town Centre Traffic</b> Frank, Ian, Philip &amp; Barbara and Doug Allen from S Town Residents Assoc met with Andrew Bannerman. AB's small group that was looking at traffic has been subsumed into a wider group chaired by Shrewsbury director Clive Wright. AB was not sure what the terms of ref of that group were. Unclear quite how to proceed. SFoE members agreed to try and explore data re pedestrianisation in town centres. Barbara pursuing that.</li> <li>• <b>Ironbridge E.On power station</b> Biofuelwatch and Telford FoE (and SFoE as a signatory) sent a letter to SC arguing that they should have undertaken a full environmental assessment of the whole site. SC replied with full legal explanation refuting this.</li> <li>• <b>FoE Spring Regional Gathering.</b> Apologies sent. No-one attended.</li> </ul>	<b>BP</b>
<b>SAMDev and Planning/development</b>	<ul style="list-style-type: none"> <li>• <b>SAMDev</b> Barbara sent an email to SC Democratic services to say that we think the consultation is not being well enough advertised.</li> </ul> <p>Frank attended one STC meeting about Preston St development. Aim of the meeting was to inform STC's submission to SC about the proposals. People who attended were very angry.</p> <p>Frank will attend the meeting on 12<sup>th</sup> June and Ian, Sue and Barbara go to the meeting on 19<sup>th</sup> June. Frank will draft a submission from SFoE. Agreed that we should meet up with Robin Mager, Head of Planning, and Selby Martin from SWLT to ensure a co-ordinated response. There are individual targets for particular sites in the core strategy: 60% of development should be on brownfield sites, 25% on SUEs and 15% elsewhere. Master plans are being prepared for the SUEs, but other sites are still in the very early stages.</p> <p>We will feature SAMDev on our SWLT stall and suggest that people write in to SC/STC with comments.</p> <ul style="list-style-type: none"> <li>• <b>Planning &amp; development remit/brief</b> Philip and Barbara drafted a document re SFoE's planning/development standards. Previous efforts have been made to get SC to adopt development standards that are higher than government guidelines but these failed in the face of opposition from the developers. If we produce a document, it will help inform us and we could in principle send the standards to the developers for info.</li> </ul> <p>Frank and Philip will attend the Planning Masterclass advertised for 30 June.</p>	<p><b>FO</b></p> <p style="text-align: right;">?</p>

	<p>Continue discussion at next meeting.</p> <ul style="list-style-type: none"> <li>• <b>Cycling facilities in Shrewsbury:</b> Some disappointment at cycling facilities on Smithfield Road.
